Audit Report • AUD-2014-021 • September 30, 2014

The Federal Housing Finance Agency (FHFA) Office of Inspector General (OIG) issued the subject report on September 30, 2014. In accordance with the provisions of the Federal Information Security Management Act of 2002 (FISMA), FHFA including the OIG is subject to annual independent evaluations of their respective information security programs. OIG contracted with an independent public accounting firm, Kearney & Company, to perform separate FISMA evaluations of FHFA's and OIG's information security programs because FHFA and OIG maintain separate information technology infrastructures. This audit focused on the OIG program.

AUDIT OBJECTIVE: The objective of this audit was to evaluate OIG's information security program and practices, including compliance with FISMA and related information security policies, procedures, standards, and guidelines.

Because information in this report could be abused to circumvent OIG's internal controls, it has not been released publicly.
