INTRODUCTION

Since the Federal Housing Finance Agency (FHFA) Office of Inspector General (OIG) began operations in October 2010, we have made more than 500 recommendations¹ to improve efficiency and effectiveness and reduce fraud, waste, and abuse at FHFA and at the government-sponsored enterprises for which the Agency acts as conservator and regulator, Fannie Mae and Freddie Mac (the Enterprises), and at the Federal Home Loan Banks for which the Agency acts as regulator. As required under the Inspector General Act of 1978, as amended, we provide information on open and closed recommendations in each semiannual report to the Congress.²

To maintain the focus on opportunities for improvement that our recommendations identify, OIG publishes on its website a monthly report setting forth all open recommendations from our audits, evaluations, and other studies.³ For additional information on any recommendation, please click on the hyperlinked report number to access its underlying report. This compendium is comprehensive as of April 1, 2021.

Because FHFA serves a unique role as both conservator and regulator of the Enterprises, OIG's responsibilities necessarily include oversight of FHFA's actions in both of these roles, in order to determine whether the Agency is fulfilling its statutory duties and responsibilities and safeguarding the taxpayers' resources. Our oversight role also reaches the Enterprises—recipients of \$191.5 billion in taxpayer monies—to ensure that they are satisfying their obligations under the authority delegated to them in the conservatorships. Through oversight, transparent reporting of results, and robust enforcement, OIG seeks to be a voice for, and protect the interest of, those who have funded Treasury's investment in the Enterprises—the American taxpayers.

Tracking of OIG Recommendations

Our recommendations, like those of other inspectors general, are primarily made in written reports issued by our Offices of Audits, Evaluations, and Compliance. We report the facts, as found, and recommend actions to address any shortcomings we identify in FHFA's exercise of its statutory duties and responsibilities or by one or both Enterprises, in connection with their execution of responsibilities delegated to them by FHFA, as conservator. FHFA is provided an opportunity to provide a written response to OIG recommendations. FHFA's

³ This report does not include recommendations under consideration for work that is in progress.

determinations whether to agree with OIG’s recommendations are included in our published reports. Once FHFA has accepted an OIG recommendation, it reports to us on its efforts to implement the “corrective action” that is intended to respond to the recommendation. When FHFA believes that its implementation efforts are well underway or that implementation is complete, FHFA provides that information to us, along with corroborating documents, and we rely on those materials in determining whether to close recommendations. If the Agency rejects a recommendation or conclusively refuses to implement an acceptable corrective action, then we will close the recommendation and report it separately in this compendium.

Validation Testing

OIG typically relies on materials and representations from the Agency to close its recommendations and may close some recommendations based on the Agency’s representations as to the corrective actions it has taken. Accordingly, we are not always able to assess, at the time of closure, whether the implementation actions by FHFA meet the letter and spirit of the agreed-upon recommendation, nor can we determine, at closure, the longer-term impact of the recommendation. To better assess both the implementation and impact of OIG recommendations, we concluded that validation testing is needed. Such testing, and disclosure of results of that testing, provides greater accountability and adds value to FHFA and the American taxpayers it serves.

Because our Offices of Audits and Evaluations historically had not conducted extensive corrective action verification testing, we created the Office of Compliance and Special Projects. The primary operational role of that office is to examine closed recommendations to assess independently FHFA’s implementation of the corrective actions it represented to OIG that it intended to take, as well as the impact of those actions, and to publish reports of its validation testing in “compliance reviews.” These compliance reviews enable our stakeholders to assess the impact of OIG’s recommendations, as well as the efficacy of the Agency’s implementation of those recommendations. Compliance reviews enhance OIG’s ability to stimulate positive change in critical areas and promote economy, efficiency, and effectiveness at FHFA.

Any open recommendations contained in published compliance reviews are included in this compendium.

⁵ In its management response to this audit, FHFA stated it would assess the report’s recommendation and provide a response by June 30, 2020. On September 22, 2020, we reposted this report with an Addendum that provides FHFA’s June 30, 2020, response and related communications. In summary, FHFA has planned an alternative approach that meets the intent of the recommendation. Implementation of this alternative approach may also address the open, unimplemented recommendations related to the sufficiency of DER’s examiner workforce in EVL-2014-002, AUD-2016-006, AUD-2016-007, AUD-2017-010, and EVL-2020-001.

⁶ In its management response to this evaluation, FHFA stated it would assess the report's recommendations and provide a response by June 30, 2020. On September 22, 2020, we reposted this report with an Addendum that provides FHFA's June 30, 2020, response and related communications. In summary, FHFA has planned an alternative approach that is generally responsive to the recommendations.

Specific Risk to be Mitigated	Recommendation	Expected Impact	Report Name and Date
Accreditation of Examiners	FHFA should determine the causes of the shortfalls in the Housing Finance Examiner Commission Program that we have identified, and implement a strategy to ensure the program fulfills its central objective of producing commissioned examiners who are qualified to lead major risk sections of government-sponsored enterprise examinations.	Improved quality	<i>OIG's Compliance Review of FHFA's Implementation of Its Housing Finance Examiner Commission Program</i> (COM-2015-001 , July 29, 2015) and <i>FHFA's Housing Finance Examiner Commissioning Program: \$7.7 Million and Four Years into the Program, the Agency has Fewer Commissioned Examiners</i> (COM-2018-006 , September 6, 2018) ⁸
Risk Assessments	FHFA should reinforce, through training and supervision of DER personnel, the requirements established by FHFA, and reinforced by DER guidance, for the risk assessment and supervisory planning process. Specifically: <ul style="list-style-type: none"> a. Ensure that the annual supervisory strategy identifies significant risks and supervisory concerns and explains how the planned supervisory activities to be conducted during the examination cycle address the most significant risks in the operational risk assessment. (Applies to AUD-2017-010 and AUD-2017-011) b. Ensure that supervisory activities planned during an examination cycle to address the most significant risks in the operational risk assessment are completed within the examination cycle. (Applies to AUD-2017-010) 	Improved supervision	<i>FHFA Failed to Complete Non-MRA Supervisory Activities Related to Cybersecurity Risks at Fannie Mae Planned for the 2016 Examination Cycle</i> (AUD-2017-010 , September 27, 2017); <i>FHFA Did Not Complete All Planned Supervisory Activities Related to Cybersecurity Risks at Freddie Mac for the 2016 Examination Cycle</i> (AUD-2017-011 , September 27, 2017)

⁸ OIG has twice determined that the Housing Finance Examiner Commission Program was not on track to produce commissioned examiners. This recommendation is open pending FHFA actions to assess and address the Program's shortfalls, and OIG's assessment of those corrective actions.

Assessing Remediation of Deficiencies	FHFA should ensure that Freddie Mac takes, or has taken, remedial action to address the deficiency underlying the matter requiring attention (MRA) regarding the need to implement a process to verify and monitor [certain matters].	Improved remediation of deficiencies	<i>FHFA Failed to Ensure Freddie Mac's Remedial Plans for a Cybersecurity MRA Addressed All Deficiencies; as Allowed by its Standard, FHFA Closed the MRA after Independently Determining the Enterprise Completed its Planned Remedial Actions</i> (AUD-2018-008 , March 28, 2018) ⁹
	FHFA should require DER, upon acceptance of an Enterprise's remediation plan, to estimate the date by which it expects to confirm internal audit's validation, and to enter that date into a dedicated field in the MRA tracking system. [Closed in September 2017; reopened upon results of compliance testing.]	Improved remediation of deficiencies	<i>FHFA's Inconsistent Practices in Assessing Enterprise Remediation of Serious Deficiencies and Weaknesses in its Tracking Systems Limit the Effectiveness of FHFA's Supervision of the Enterprises</i> (EVL-2016-007 , July 14, 2016) and <i>Compliance Review of the Timeliness of FHFA's Assessments of the Enterprises' Remediation Closure Packages for a Matter Requiring Attention</i> (COM-2020-001 , February 21, 2020)

⁹ This recommendation is being held open pending the completion of a 2020 FHFA planned supervisory activity related to the underlying deficiency of the MRA that was the subject of this report, and OIG's assessment of that supervisory activity.

	FHFA should ensure that the Office of Housing and Regulatory Policy (a) develops and issues written guidance to the Enterprises on the data elements to be reported regularly for FHFA's monitoring of the 97% LTV mortgage programs and (b) establishes quality control procedures to ensure that information reported by the Enterprises is reliable and conforms to the requirements of the written guidance.	Improved supervision	<i>Weaknesses in FHFA's Monitoring of the Enterprises' 97% LTV Mortgage Programs May Hinder FHFA's Ability to Timely Identify, Analyze, and Respond to Risks Related to Achieving the Programs' Objectives</i> (AUD-2020-014 , September 29, 2020)

Examination Guidance	FHFA should set clear expectations in supervisory guidance for prompt escalation within DER by examiners of information regarding deficient practices at an Enterprise for a determination of whether such practices warrant additional supervisory attention and/or should be the subject of an adverse examination finding.	Improved supervisory oversight	<i>FHFA Examiners' Lack of Assessment and Escalation of Shortcomings Identified by an Enterprise in its Servicer Fraud Risk Management Framework Limited the Agency's Supervisory Oversight</i> (EVL-2020-002 , August 27, 2020)
	FHFA should reinforce in examiner training and the annual performance appraisal process its expectations for collaboration among examiners, communication of potential deficient practices to DER managers, and documentation of support for conclusions.	Improved supervisory oversight	<i>FHFA Examiners' Lack of Assessment and Escalation of Shortcomings Identified by an Enterprise in its Servicer Fraud Risk Management Framework Limited the Agency's Supervisory Oversight</i> (EVL-2020-002 , August 27, 2020)
	FHFA should establish and communicate clear expectations for use of revised and new examination modules by DER examiners.	Improved supervision	<i>Five Years After Issuance, Many Examination Modules Remain in Field Test; FHFA Should Establish Timelines and Processes to Ensure Timely Revision of Examiner Guidance</i> (EVL-2019-003 , September 10, 2019)

CLOSED UNIMPLEMENTED RECOMMENDATIONS

The Inspector General Act of 1978 does not authorize any federal inspector general to compel its respective agency to adopt new policies or processes or take personnel actions to correct shortcomings found in their audits, evaluations, and investigations. Rather, the Act empowers inspectors general to recommend remedial actions to correct such shortcomings, and the affected agency determines whether or not to accept the recommendations.

We believe it is important to be transparent and distinguish between recommendations that have been closed in light of appropriate movement toward implementation and recommendations that have been closed in light of FHFA’s refusal to take any action. For those recommendations closed due to rejection by FHFA, we continue to stand by our findings and believe that the Agency should have undertaken the recommended actions.

The recommendations listed below represent those that have been closed following FHFA’s rejection and were not implemented.

Closed Unimplemented Recommendations			
Property Inspection Quality Controls	FHFA should direct the Enterprises to establish uniform pre-foreclosure inspection quality standards and quality control processes for inspectors. Improperly Reimbursed Property Inspection Claims	FHFA should direct Fannie Mae to obtain a refund from servicers for improperly reimbursed property inspection claims, resulting in estimated funds put to better use of \$5,015,505.	Improved accuracy	<i>FHFA Oversight of Fannie Mae’s Reimbursement Process for Pre-Foreclosure Property Inspections</i> (AUD-2014-005 , January 15, 2014)

Seller/Servicer Resolution of Aged Repurchase Demands	FHFA should promptly quantify the potential benefit of implementing a repurchase late fee program at Fannie Mae, and then determine whether the potential cost of from \$500,000 to \$5.4 million still outweighs the potential benefit.	Improved oversight	<i>FHFA Oversight of Enterprise Handling of Aged Repurchase Demands</i> (AUD-2014-009 , February 12, 2014)
Oversight of Enterprise Implementation of Representation and Warranty Framework	FHFA should perform a comprehensive analysis to assess whether financial risks associated with the new representation and warranty framework, including with regard to sunset periods, are appropriately balanced between the Enterprises and sellers. This analysis should be based on consistent transactional data across both Enterprises, identify potential costs and benefits to the Enterprises, and document consideration of the Agency's objectives.	Improved framework management	<i>FHFA's Representation and Warranty Framework</i> (AUD-2014-016 , September 17, 2014)

Oversight of Enterprise Executive Compensation	FHFA should develop a strategy to enhance the Executive Compensation Branch's capacity to review the reasonableness and justification of the Enterprises' annual proposals to compensate their executives based on Corporate Scorecard performance. To this end, FHFA should ensure that: the Enterprises submit proposals containing information sufficient to facilitate a comprehensive review by the Executive Compensation Branch; the Executive Compensation Branch tests and verifies the information in the Enterprises' proposals, perhaps on a randomized basis; and the Executive Compensation Branch follows up with the Enterprises to resolve any proposals that do not appear to be reasonable and justified.
